

H Series

Residential Lighting

H Series

The whole-home lighting solution and award-winning design at an attainable cost.

Now, brilliant illumination and reliable performance are available in any space, for nearly any budget.

Home Ready

- New Construction or Remodel
- 4" or 3" Installation Apertures
- High-Quality Trim Finishes
- Quick Connect LED Module Install
- Integrated Natural Warm Dim
- Field Selectable Brightness Switch
- Smart Home compatible 5% dimming
- UL Listed, Type IC, Air Tight, Wet Location, Energy Star, CA Title 24 JA8
- Sustainable Design + Impact

Brilliant Illumination

True-to-life light and color

One Versatile Module

Up to 950 lumens of 90+ CRI delivers brilliant, accurate, and comfortable light that enhances any design finish and experience.

Brightness Switch

Select just the right amount of low glare light for various applications, including ambient, standard, and tall ceiling environments.

- 350 lm Ambient Light
- 750 lm 7-9 ft Ceiling
- 950 lm 9-12 ft Ceiling

Smart Home Ready

Optimized to provide exceptional performance with any smart home or connected dimmer.

Compatible with Lutron Caseta and Amazon Alexa, Apple Home Kit, and Google Assistant enabled dimmers.

Brilliant Sustainability

H Series residential lighting is UL listed, California's Title-24 JA8, ENERGY STAR®, Living Building Challenge, Declare listed, and the housing is recyclable.

H Series is not only sustainable during its performance lifetime, but long after.

Integrated Natural Warm Dim

Match the mood to the moment

The Integrated Natural Warm Dim

(3000k-2200k) provides warm white light for accurate illumination at full brightness, and transitions to a relaxing sunset effect when dimmed by reducing blue light.

All while keeping color accuracy, fixture to fixture consistency, and maintaining an ENERGY STAR® rating.

Natural Warm Dim Down to 5%

Versatility Meets Simplicity

A single module with premium trims and flexible housing applications

Easily configurable, every element of the **H Series** is designed to complement or disappear into any space, creating a modern, sophisticated atmosphere.

Easy Configuration

- Choose 4" or 3"
- Select the installation housing
- Pick your favorite trim

We've been practicing the good life for over 30 years

Founded in a modest living room in Southern California by husband and wife Mark and Faye, DMF has always been about good people, good materials, and good lighting.

That's why each element is still designed, engineered, and tested in Los Angeles and most of our partners are family businesses that we've worked with for generations.
